

Touring/M

PORTABLE HI-FI BLUETOOTH SPEAKER

A true Hi-Fi experience for any location.

This portable Bluetooth speaker is made for those who want incredible sound while on the move. With its unrivaled Hi-Fi audio quality and a long-lasting 30 hours battery it's the ideal speaker for any adventure. Whether in the garden or on the beach, this Swiss-engineered design not only sounds good, but it looks great too.

#SOUND QUALITY

Superior sound, whatever the music.

The Touring/M delivers true Hi-Fi sound whatever is playing, from rap to classical. Instruments sound detailed and rich, with bass that delves right down to 60 Hz. Voices are crystal clear and smooth, making talk shows more immersive. It's all made possible by specially tuned drivers and class D amplifiers, which ensure consistent sound quality even at the highest volume.

#DESIGN

Looks elegant, feels solid.

Inspired by the iconic portable radio, the Touring/M brings subtle lines and solid materials together. On the smooth aluminum top you'll find no buttons, just a big aluminum dial, which give you a direct connection to your music. At a total weight of 2.1 kg, you can feel the quality – everything is machined and engineered with Swiss precision. It's topped off with eco leather that is usually reserved for high-end cameras.

#SIMPLICITY

JUST CONNECT AND PLAY.

We want you to spend all of your time listening to music, not figuring out buttons or controls. That's why we've made the Touring/M very simple to use. Quickly use Bluetooth with auto-connect to stream from your digital devices in seconds, or plug straight in with a 3.5 mm jack.

#COLORS

TIMELESS COLORS.

The Touring/M comes in a select number of colors.
Choose from a black, white, cognac, or red leather finish.
