

EV03 Elite

A true high-end power cable, EV03 Elite uses a unique 7-core geometry, high purity copper and high purity FEP to deliver astonishing performance. It is the ideal upgrade for source components, CD players, music servers, DACs or preamplifiers. Elite can be used with small-to-medium sized power amplifiers to great effect, but for large amplifiers EV03 Optimum is the better choice. It offers fantastic bass and treble extension, lowers the noise floor and provides an exceptionally stable soundstage. A class-leading cable at a most reasonable price.

Composition

1. Pure silver plated Ohno continuous cast copper for exceptional conductivity
2. 1 x 3.75, 6 x 1.25sqmm conductors give higher amperage aiding power delivery
3. Conductor strands group closer and improve performance
4. Fluorinated Ethylene Propylene (FEP/ Teflon) allows increased performance
5. Multi-strand cotton filler mains dielectric constance
6. Mylar wrap improves Common Mode noise rejection and maintains cable structure
7. Oxygen free copper braid increases Common Mode (RFI) noise rejection
8. Flexible PVC jacket

"Elite also polishes the sound of a component. The more Elite I put in the system, the more these effects helped liberate the music and conversely, when you take them out, the hitherto fine sound of the system became that little bit smaller and more tarnished. Impressive stuff."

Hi-Fi + Magazine

"The EV03 Elite provided a rich, detailed playback with tightened focus giving the frequency more command of the soundstage... a top quality cable."

Hi-Fi World magazine

Specifications

Conductor Size: 1 x 3.75, 6 x 1.25sqmm

Conductor Material: Silver plated 99.9999% Oxygen free copper

Dielectric: Fluorinated Ethylene Propylene (FEP)

Dialectric Constance: 2.1

Filler: Cotton

PVC Barrier: Mylar

Shield: Oxygen free copper braid (OFC)

Outer Jacket: High flexibility PVC

Power Rating: 16Amp

Cable Length: 2.0m standard (custom lengths available)

Outer Diameter: 12mm

Termination: Audiophile Hi-grade connectors 99.98% copper with 24ct gold plating

Suitability

Suitable for all high-end audio source components, moderate sized power amplifiers, CD players, DACs, preamps, tuners, Blu-ray players, music servers and more!

Cable connector options
