

MHP1000 headphones

- The MHP1000 headphones have the same superior sound characteristics as McIntosh speakers so you can intimately enjoy your music with the classic McIntosh sound.
- The smooth, full bodied, non-fatiguing response is easy to listen to and allows you to hear new facets of your favorite songs.
- The closed headphone design isolates outside noise and distractions to foster a fully immersive personal listening experience.
- The ear pads and headband are a premium, natural, soft leather for luxurious comfort.
- Lightweight design and minimal pressure used to secure them on your head permit long, relaxing listening sessions.
- The McIntosh designed headphone driver is engineered to work with any current or legacy McIntosh headphone amplifier.

Intimate McIntosh Sound

**For the Consumer's Protection:**

In order to ensure the highest level of customer satisfaction, "new" McIntosh products may only be purchased over-the-counter or delivered and installed by an Authorized McIntosh Dealer. McIntosh products that are purchased over the Internet, by phone or mail order are presumed to be "used" and do not qualify for any McIntosh Warranty. McIntosh does not warrant, in any way, products that are purchased from anyone who is not an Authorized Dealer or products that have had their serial number altered or defaced.

**Companion Products**

The McIntosh MHA100 Headphone Amplifier is a perfect companion to the MHP1000 Headphones. Your Authorized Dealer can provide additional information on other McIntosh products.

To learn more, please call us at 1.800.538.6576.

The McIntosh MHP1000 incorporates Tesla Technology. Tesla Technology is patented by Beyerdynamic GmbH & Co. KG, Heibronn/Germany.
