

SpeakerCraft®

CRS6 Series

For years the CRS6 has been the most popular series in our entire line. Delivering amazing sound quality in a compact, flush-mounted enclosure, these speakers began the move into ceiling installations that changed the entire industry. Because we rarely notice the vents, lights, sprinklers or anything else over our heads, putting the speaker in the ceiling was only natural.

These speakers also offer technology that makes them unique in the way they disperse music or movie soundtracks in the room. First of all, the tweeter pivots to allow you to aim the critical high frequencies at the listening area. We also created the WavePlane® which, supports the tweeter and keeps those same high frequencies from bouncing off the woofer. This means better sound and more uniform coverage throughout the room.

Discover why so many people have chosen the CRS6 to fill their home with music.

CRS6 Four

- 6½" Aluminum/Magnesium Cone Woofer with Dual Voice Coil and Rubber Surround
- Pivoting 1" Aluminum/Magnesium Dome Tweeter with Neodymium Magnet
- Front Mounted Switches Allow for up to ±3dB of Bass and Treble Adjustment
- Timbre-Matched to All Four Series
- Efficiency: 90dB 1W/1m
- Frequency Response: 37Hz - 20kHz ±2dB

CRS6 One

- 6½" Polypropylene Cone Woofer with Rubber Surround
- Pivoting 1" Liquid Cooled Silk Dome Tweeter with Neodymium Magnet
- Timbre-Matched to All One Series
- Efficiency: 92dB 1W/1m
- Frequency Response: 40Hz - 20kHz ±2dB

CRS6 Three

- 6½" Aluminum Cone Woofer with Dual Voice Coil and Rubber Surround
- Pivoting 1" Liquid Cooled Aluminum Dome Tweeter with Neodymium Magnet
- Front Mounted Switches Allow for up to ±3dB of Bass and Treble Adjustment
- Timbre-Matched to All Three Series
- Efficiency: 90dB 1W/1m
- Frequency Response: 40Hz - 20kHz ±2dB

CRS6 Zero

- 6½" Aluminum Cone Woofer with Dual Voice Coil and Rubber Surround
- Pivoting 1" Liquid Cooled Aluminum Dome Tweeter with Neodymium Magnet
- Front Mounted Switches Allow for up to ±3dB of Bass and Treble Adjustment
- Timbre-Matched to All Three Series
- Efficiency: 90dB 1W/1m
- Frequency Response: 40Hz - 20kHz ±2dB

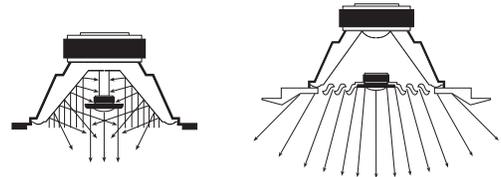

CRS6 Two

- 6½" Glass Composite Cone Woofer with Rubber Surround
- Pivoting 1" Liquid Cooled Silk Dome Tweeter with Neodymium Magnet
- Front Mounted Switch Allows for up to ±3dB of Treble Adjustment
- Timbre-Matched to All Two Series
- Efficiency: 92dB 1W/1m
- Frequency Response: 40Hz - 20kHz ±2dB

Our speakers sound much better off-axis!

Only SpeakerCraft offers the exclusive WavePlane™ tweeter baffle which is located just behind the tweeter of all AIM in-ceiling speakers. The WavePlane™ creates better high frequency dispersion. This is accomplished by allowing the tweeter to reflect off a solid surface instead of the vibrating woofer. Ordinary speakers only sound their best when you are directly underneath them. This is because high frequencies are directional. The WavePlane™ assures optimal high frequency dispersion throughout the listening area.

* All CRS6 Speakers come with Limited LIFETIME Warranty
 * As we incorporate design improvements, specifications may change without notice
